Full product description

Chest waders with permanently welded high quality wellingtons. Model made of waterproof, durable material providing effective protection against water. Welding technique on both sides increases the durability of seams. An internal pocket makes it easier to store documents. Adjustable braces made of wide rubber improve the comfort of the product.

Product features

- Norms
- EN ISO 13688
 - EN 343
 - EN ISO 20347 - OB SRC

Material

PLAVITEX HEAVY DUTY - a polyester-based material coated on one side with PVC. It is highly resistant to tearing and has waterproof stitching. Due to the unique chemical composition of the coating the material is extremely resistant to adverse weather conditions and bending at temperatures down to -50°C. The material meets the requirements of the EN 343 standard, which has been verified by tests conducted by a certified textile testing institute.
